"We really felt the Bay of Quinte RAP needed a fresh new look and image, as it enters into a new phase in the RAP process. The Remedial Action Plan has turned a corner over the past year or so and is going to be reaching out to the community with a new array of communication products, so a new more up-to-date look was needed", said Jim Kelleher, Co-chair, BQRAP Restoration Council.

Over the next several months, the Bay of Quinte RAP will be announcing exciting new plans and events that are designed to re-focus community involvement with the Bay. You will be able to find all the information on the web site or visit our Facebook page.
