

Bay of Quinte Remedial Action Plan

Photo contest with a Twist

Show Us! What Inspires You.

We live on one of the most picturesque and unique bodies of water in Lake Ontario.

Bay of Quinte

What do you love about "The Bay"?, is it: boating, sunsets, wildlife, fishing, sitting on the dock, watching the ducks, swimming, walking on the waterfront trail, the great scenery, relaxing with your friends etc. Whatever, inspires you to pick up your camera and photograph the Bay of Quinte.

The contest runs July 1, 2010 to January 31, 2011, so it gives you a chance to capture those great shots summer, fall, and winter.

Now, for the twist, if your photo is chosen as one of the top ten winning entries it, along with the other winners, could be interpreted by an area artist(s) in a different media - oils, watercolour, glass, wood, acrylic, fibre, metal, etc. Finally, the original photographs and the artists' interpretations will be displayed in a month long exhibition at a local gallery.

All photos must be submitted electronically, in colour, 300dpi, JPEG, 8 x 10, not larger than 4MB, at www.bqrap.ca click on "Get Involved". Please read all information about the contest posted on the web site.
