The Bay of Quinte Remedial Action Plan is working towards a healthier Bay of Quinte ecosystem. Work to clean up the Bay of Quinte, which was identified in 1985 as an “Area of Concern” by the International Joint Commission under the Great Lakes Water Quality Agreement, is directed by the Bay of Quinte Restoration Council. This Council includes members from local Conservation Authorities, federal and provincial agencies and non-government organizations, who work together to implement the recommended actions to restore the Bay of Quinte. The Habitat Enhancement Program is part of that work. The Municipal Freedom of Information and Protection of Privacy Act governs information collected on this form. Information collected on this form will be used for the Habitat Enhancement Program. It will also be used to provide you with newsletter updates, if you requested this on the form above. If you have questions about the collection of your personal information, please use the contact information provided below.
